# STREET DIRECTORY.

GIVING the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Washington Street No. 639 comes, you look at Washington St., upon page 29, and find that Hollis St. runs from 617, and Common St. from 661, showing that 639 Washington would come about half way between Hollis and Common.
